18 February 2015

100th anniversary of the A.N.Z.A.C. landing at Gallipoli

Firstly, a big thanks to all the parents who replied to our first survey with promises of donations of rosemary, fresh flowers, morning tea and contacts for plants.

We still need someone with landscaping or gardening skills to assist with the conversion of an existing garden to a memorial garden.

Some of the events planned for this year include:

- care packages for Australian troops
- establishment of a memorial garden
- issuing of a commemorative medallion
- performance of a specially written play
- an assembly on Wednesday, 22nd April
- school A.N.Z.A.C. ceremony on Thursday, 23rd April

To cover the cost of the care parcels, students are invited to donate a gold coin on Thursday, 5th March.

The letters A.N.Z.A.C. will be drawn on the playground so that students can place their gold coins on the letters. The money will then be used by each class, to purchase items for their care package.

Thanking you for your support in this very special year,
