CHILD PROTECTION LESSONS

Dear parents/care givers,

Just a reminder that during this term, classes will be teaching the Child Protection lessons.

This topic may be sensitive for some students and involves the correct terms for naming body parts.

Topics to be covered include:

• feeling safe and their right to be safe
• recognising appropriate touching and inappropriate touching
• that appropriate touching is an important part of positive relationships
• that they have a right to say NO to a person who touches them inappropriately or threatens their safety
• that it is important to tell trusted adults about such situations
• that they may have to keep on telling people until they are believed
• that help is available to them within their communities.

If you would like to discuss this topic please contact the school for an interview,

Yours truly,

K. Browne Principal
